Mata Nui's Cookies 25 Points SOLVED ✓

Well... Mata Nui said something about his beloved cookies, but I've never seen this language before.

It looks like an esoteric language. If we search Mata Nui on google we find the **Matoran Alphabet**: “The **Matoran Alphabet** was the system of written language used mainly by [Matoran](#) and several other inhabitants of the Bionicle universe. It is similar in most respects to our own, using a system of circles, dots, and lines to convey the characters in the Latin alphabet.”
